DATE MAILED: 07/15/2002

Notice of Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2002, 37 CFR 1.18 is proposed to be revised to change the patent issue fees as set forth below. As stated above, the final fees may be a different amount, and applicant should check the web site given above when paying the fee.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

By a small entity (Sec. 1.27(a))--\$655.00

By other than a small entity--\$1,310.00

(b) Issue fee for issuing a design patent:

By a small entity (Sec. 1.27(a))--\$235.00

By other than a small entity--\$470.00

(c) Issue fee for issuing a plant patent:

By a small entity (Sec. 1.27(a))--\$315.00

By other than a small entity--\$630.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Response to Amendment

1. The response of 11 June 2002 has been entered to the following effect:
 - The drawing changes are accepted and the objections withdrawn as satisfied.
 - The abstract has been replaced and the objections withdrawn.
 - The substitute specification has been reviewed and all objections are withdrawn as having been satisfied.
 - Claims 2, 10 and 18-26 have been cancelled and the rejections withdrawn as moot.
 - Claims 1, 3-9, 12 & 16-17 were changed as indicated and claim 27 was added, then the claims were examined on the merits.

Response to Arguments

2. Applicant's arguments filed 11 June have been fully considered and found to be fully persuasive.
 - The material provided does indeed support that a *pause may be measured in syllables*, and the Examiner stands corrected.
 - The relevant objections to both specification and claims therefore are withdrawn.

Allowable Subject Matter

3. Claims 1, 3-7, 8, 10-17 and 27 are allowed.
4. The following is an examiner's statement of reasons for allowance:
 - Regarding claims 1 and 8; where the prior art of record is typical in enabling a device on recognition, the feature of speech recognition actively *preventing operation* while the signal processing is ongoing is not anticipated nor was it found in obvious combination in the prior art of record.
 - Regarding claims 3 and 11, where prior art can be found that uses the *different scores of words and background* to recognize words in the process of selecting words and excluding background noise. While a case could be made that only recognized words generate control signals, the explicit statement that this difference will directly *generate control signals* was considered to have been neither anticipated nor found in an obvious combination in the prior art of record.
 - Regarding claims 5 and 15, the features are understood by the Examiner to be the reciprocal corollary to the recognition-action sequence of claims 3 and 10 and so would be found allowable over the prior art of record for the same reasons provided for those claims.
 - With further regard to claims 3-7 and 10-17; the claims depend on claims that were found to be allowable and so would they themselves be allowed as a consequence.

Art Unit: 2654

- Regarding claim 27, the requirement for an *audio command to have a 1st & 2nd word with three pauses of one syllable duration* is neither anticipated nor was it found in obvious combination in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The claims have been renumbered in accordance with 37 CFR 1.126 to reflect the removal of cancelled claims. Corresponding adjustments to references were done.
